

Illustrator: **Tim Gallo**

Tim was born in Russia in 1984. He studied in Russia, England and Japan. He is a photographer and obtained his film director diploma from the Toho Cinematographic School in Tokyo. He composes his pictures such as a screenwriter would tell a story.

I like his work: varying, sometimes disturbing, also cruel, intelligent, young and contemporary.

The photographed models are Japanese, since Tim works in Tokyo. They are all above 21 years old.
